

INSTRUMENTATION FITTINGS

Brennan supplies a complete line of fully traceable single and double ferrule instrumentation tube fittings that are available in steel, stainless and brass. All of our instrumentation fittings are interchangeable and intermixable with other leading brands.

Truflow Hydraulics (West Midlands, UK) is our European manufacturing and distribution location. Together Brennan-Truflow combines our wide breadth of adapter inventory with enhanced service and distribution.

Call us in the UK at +44 (0)1922 650039 or toll free in the US at +1-888-331-1523. Or visit www.brennaninc.com.
