

While the Versa name is known for high quality brass fittings, it really means so much more. Our Versa line encompasses a wide range of fittings and accessories including: D.O.T. approved fittings, Black maleable pipe fittings, wrot copper fittings, pex fittings, galvanized fittings, nylon fittings and a range of valves, tubing and clamps. All of these products are available to you through your Brennan sales representative. Call us to learn more.

- Custom parts made to your specifications from the material of your choice, ranging from 1-1/16" to 2-3/8" round, 1-3/4" hex or 1-1/2" square. Although we use many materials, brass is our specialty.
- Additional services available include: design, fabricating, machining, sub-assemblies, brazing and general welding.
- Air conditioning brackets available in universal small and large pattern. Custom design air conditioning brackets, priced on application.
